Empowering underprivileged children for a better future

Merry Christmas and Happy New Year

What an amazing six months it has been since we have arrived in Timoeto, Brasil. We have gone through challenges and victories with God there at all times. Our challenges made us grow and our victorious pushed us forward. We finished off the year by wrapping up English classes at the church we were helping and were invited to a parent gathering where kiddos and parents

from the institution celebrated another successful year.

Additionally we connected with a neighboring daycare that has kiddos ages 6 months to 4 years old. MissionBrasil met with team members and were able to provide funds for their Christmas party and a local popularity train ride to celebrate all that's happened. We were also invited to their graduation ceremony for the kiddos who are leaving the daycare to go to public school and it was darling!

Pictures were taken of all three of these events and then put together into three different videos on our Youtube page.

We made an upgrade on our website and added a photos and videos section that will also take you to the videos made.

Lets not forget that Mr. Vaz was a faithful servant in aiding behind the scenes with **all** of these events and providing an electric guitar player for our home church.

MissionBrasil feels more blessed to have been able to be a part of these Godly movements and wants to thank everyone who helped in prayers and support. You all were here without physically being here, but your presence was for sure felt.
