

MissionBrasil

Empowering underprivileged children for a better future

Behind the scenes

The Vaz family is officially back in the states and has been for about a month now. Before leaving we made a connection with a local daycare that has children from 6 months-3 years and 11 months. This certain daycare organization is called *Creche Comunitária Criança Esperança*, and they are looking to expand their efforts of providing care for children 4-6 years old. MissionBrasil is in close communication and is asking for prayer to see if God opens this door. The children in the age range of 4-6 go to school in the afternoon as the Brazilian schooling

system is only half a day everyday. Therefore these kiddos need a place to stay in the morning so their moms can go to work. Being at a daycare will provide, at minimal, safety and nutrition. We are working on a proposal plan for opening up an area and will keep you in the loop as we progress. As for now, take a look at these precious faces from the daycare and join us in praying.

For more adorable pictures and videos of faces like these, please visit *Creche Comunitária Criança Esperança* instagram page. As of now they do not have any other social media outlets.
